**A Brief History of Portable Literature** - Enrique Vila-Matas 2015-06-09 A reader’s fictional tour of the art and lives of some of the
great 20th-century Surrealists An author (a version of Vila-Matas himself) presents a short “history” of a secret society, the Shandies, who are obsessed with the concept of “portable literature.” The society is entirely imagined, but in this rollicking, intellectually playful book, its members include writers and artists like Marcel Duchamp, Aleister Crowley, Witold Gombrowicz, Federico García Lorca, Man Ray, and Georgia O’Keefe. The Shandies meet secretly in apartments, hotels, and cafes all over Europe to discuss what great literature really is: brief, not too serious, penetrating the depths of the mysterious. We witness the Shandies having adventures in stationary submarines, underground caverns, African backwaters, and the cultural capitals of Europe.

grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once. 2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages. 3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at homewherever you go, whether as a tourist or businessman. 4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer's. 5) If you have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.

History and Repetition-Kôjin Karatani 2012
Kôjin Karatani wrote the essays in History and Repetition during a time of radical historical change, triggered by the collapse of the Cold War and the death of the Showa emperor in 1989. Reading Karl Marx in an original way, Karatani developed a theory of history based on the repetitive cycle of crises attending the expansion and transformation of capital. His work led to a rigorous analysis of political, economic, and literary forms of representation that recast historical events as a series of repeated forms forged in the transitional moments of global capitalism. History and Repetition cemented Karatani's reputation as one of Japan's premier thinkers, capable of traversing the fields of philosophy, political economy, history, and literature in his work. The first complete translation of History and Repetition into English, undertaken with the cooperation of Karatani himself, this volume opens with his innovative reading of The Eighteenth Brumaire of Louis Bonaparte, tracing Marx's early theoretical formulation of the state. Karatani follows with a study of violent crises as they recur after major transitions of power, developing his theory of historical repetition and introducing a groundbreaking interpretation of fascism (in both Europe and Japan) as the spectral return of the absolutist monarch in the midst of a crisis of representative democracy. For Karatani, fascism represents the most violent materialization of the repetitive mechanism of history. Yet he also seeks out singularities that operate outside the brutal inevitability of historical repetition, whether represented in literature or, more
precisely, in the process of literature's demise. Closely reading the works of Oe Kenzaburo, Mishima Yukio, Nakagami Kenji, and Murakami Haruki, Karatani compares the recurrent and universal with the singular and unrepeatable, while advancing a compelling theory of the decline of modern literature. Merging theoretical arguments with a concrete analysis of cultural and intellectual history, Karatani's essays encapsulate a brilliant, multidisciplinary perspective on world history.
